Product description

Why choose this network cable?

Prokord TP-Cable UTP CAT.6 Unshielded Lszh RJ45 2m Purple is a compact patch cable that keeps short links tidy while delivering reliable network performance. It supports high data rates and PoE, and its low smoke zero halogen jacket makes it suitable for use in offices and public spaces where reduced emissions matter. The purple colour helps you identify and organise cables quickly.

TP-Cable UTP CAT.6 Unshielded Lszh RJ45 2m Purple in short:

- Ready-to-use 2 m Cat6 patch cable with RJ45 male connectors, ideal for patch panels, switches, and desktop connections.
- Low smoke zero halogen (LSZH) jacket reduces harmful fumes, useful in confined or public installations.
- Supports up to 10 Gbit/s at 250 MHz and is compatible with Power over Ethernet for connected devices.
- 26 AWG copper conductors in an unshielded U/UTP design for flexible, dependable signal transmission.
- Consider that the unshielded design is not intended for locations with high electromagnetic interference.

Product details

This Prokord cable provides a straightforward way to link network equipment over short distances. The Cat6 standard and copper conductors deliver the throughput needed for demanding applications and PoE-powered devices. The LSZH jacket improves safety in shared or enclosed environments, and the purple jacket makes cable tracing and organisation simpler when managing racks or workstations. The cable is supplied as a single piece, ready to plug in.
