Product description

Why choose this network cable?

Prokord TP-Cable UTP CAT.6 Unshielded Lszh RJ45 3m Yellow delivers dependable, high-speed Ethernet connectivity for short-distance links. The Cat 6 design and copper conductors support modern LAN traffic, while the LSZH jacket reduces smoke and halogen emissions in enclosed spaces, making it a practical choice for offices, equipment rooms, and public buildings.

TP-Cable UTP CAT.6 Unshielded Lszh RJ45 3m Yellow in short:

- 3 m Cat 6 patch cable for connecting switches, routers, and wall outlets in racks or workspaces.
- Supports data rates up to 10 Gbit/s and 250 MHz frequency, suitable for demanding network traffic.
- LSZH jacket for reduced smoke and halogen, useful in confined or public environments.
- Compatible with Power over Ethernet, so you can power phones, access points, and cameras.
- Sold as a single cable, check length and colour for your cable management plan.

Product description

This Prokord cable uses RJ-45 male connectors on both ends and 26 AWG copper conductors to provide consistent signal quality for typical LAN patching tasks. Its unshielded U/UTP construction keeps the cable flexible and easy to route in cable trays and conduits. The yellow LSZH jacket makes the cable easy to identify and lowers risk in buildings where low-smoke materials are required.
