

Smart Power Station 4 X USBBlack

Data sheet

Summary

- ✓ Four USB 2.0 ports let you charge multiple phones and tablets at the same time, ideal for desks and meeting rooms.
- ✓ Each port supplies up to 2.4A, suitable for most smartphones and many tablets.
- ✓ Universal AC input 100 - 240V and 50 - 60Hz, so the unit works with common international mains supplies.
- ✓ Built-in protection against short circuit, overheating, and over voltage for safer everyday use.
- ✓ AC cable included and designed for indoor use; if you require specific fast-charge protocols, check device compatibility before purchase.

Product description

Why choose this charger?

Cirafon Smart Power Station 4 X USB gives you a compact way to charge multiple devices while protecting them from common electrical faults. It reduces the number of wall adapters you need, supports international mains voltages, and provides steady current for phones and tablets, helping you keep workspaces and shared areas organised and reliable.

Smart Power Station 4 X USB in short:

- Four USB 2.0 ports let you charge multiple phones and tablets at the same time, ideal for desks and meeting rooms.
- Each port supplies up to 2.4A, suitable for most smartphones and many tablets.
- Universal AC input 100 - 240V and 50 - 60Hz, so the unit works with common international mains supplies.
- Built-in protection against short circuit, overheating, and over voltage for safer everyday use.
- AC cable included and designed for indoor use; if you require specific fast-charge protocols, check device compatibility before purchase.

Main functions

The Cirafon Smart Power Station 4 X USB charges up to four USB-powered devices simultaneously using its four USB 2.0 ports. Each port provides up to 2.4A so devices charge at a reliable rate without needing separate adapters. The unit connects to standard AC mains and handles 100 - 240V input, making it adaptable to different power environments. Safety features protect against short circuits, overheating, and over voltage. The charger comes with an AC cable, has a compact black design, and is intended for indoor use.

Technical Specification Matrix

Header

Manufacturer	Cirafon
--------------	---------

Performance

Charger type	Indoor
Charger compatibility	Universal
Power source type	AC
USB 2.0 ports quantity	4
Power protection features	Over voltage, Overheating, Short circuit

Design

Product colour	Black
----------------	-------

Power

Input voltage	100 - 240 V
Input frequency	50 - 60 Hz
Output current (5V)	2.4 A

Packaging data

Cables included	AC
-----------------	----
