Product description

Optimal Performance with Gilford Shipping Labels STE DT

Ensuring clarity and efficiency in your shipping processes, Gilford's Shipping Labels STE DT are designed for impeccable print quality. These thermal labels measure 105x251mm, providing ample space for addresses and tracking information. Catered to both business and home use, this 8-pack is the reliable choice for all your mailing needs.

Thermal Printing Media – The Professional Choice

The Gilford TR017T leverages the advantages of thermal technology, delivering crisp, smudge-free printing that withstands the rigors of shipping and handling. Perfect for businesses looking to streamline their packaging process, these labels maintain their integrity from printer to destination.

Durability and Convenience

Built to last, the Gilford Shipping Labels are resistant to environmental stresses, ensuring the information stays readable throughout transit. The labels come in a convenient 8-pack, suitable for any scale of operations – from small businesses to larger logistical tasks.

Seamless Compatibility

As a part of the otherwise expansive Gilford Printing Media line-up, these shipping labels align seamlessly with Pacsoft-integrated systems. The TR017T model is engineered to enhance your printing experience, promoting a smooth process for generating high-volume mailing labels with ease.

Eco-Friendly Packaging Solution

Embracing a greener approach, Gilford incorporates sustainable practices in their packaging solutions. These labels not only offer professional-grade results but also contribute to environmentally conscious business operations, aligning with modern eco-friendly standards.
