

Prokord TL-002

Data sheet

Core Specs

Cable length	1 m
Connector 1	TOSLINK
Connector 2	TOSLINK
Product colour	Black

Summary

- ✓ Digital optical connection delivers clear, interference free audio
- ✓ 1m length keeps short runs neat, ideal for rack or desktop setups
- ✓ Straight TOSLINK male ends fit standard optical in and out ports
- ✓ Durable fiber construction and black jacket blend with AV equipment

Product description

Why choose this optical AV cable?

Optical Fiber Av Cable 1m - Black Prokord. Use this cable to carry clear, interference-free digital audio between devices while keeping your setup tidy. The 1 m length is convenient for close-range connections, and the fiber optic link prevents electrical noise that can affect analogue cables. It is a straightforward, cost-effective choice for home and office AV setups.

Optical Fiber Av Cable 1m - Black in short:

- TOSLINK to TOSLINK, male-to-male connectors for direct optical audio connections.
- Fiber optic construction for signal integrity and immunity to electromagnetic interference.
- Ideal for connecting TVs, soundbars, AV receivers, and other devices with optical S/PDIF ports.
- 1 m length keeps installations neat on media cabinets and desks.
- Check that your equipment uses TOSLINK optical ports, as this cable does not carry analogue audio.

Product details

The Optical Fiber Av Cable 1m - Black Prokord provides a simple, plug-and-play optical audio link. It uses straight TOSLINK connectors at both ends to transmit digital audio signals without electrical interference. You can rely on it for standard S/PDIF optical connections between consumer AV devices, making setup and troubleshooting easier. The black finish blends with most AV equipment and helps keep visible cabling discreet.
