

Sync/Charge Cable USB-C2m USB-A USB-C Black

Data sheet

Summary

- ✓ 2 m length for convenient use across desks, meeting rooms, and workstations.
- ✓ USB-A to USB-C male connectors, straight form factor for easy plug-in and stable fit.
- ✓ USB 3.2 Gen 1 (3.1 Gen 1) compatibility for fast data sync with compatible devices.
- ✓ Black design blends into professional environments and cable management setups.
- ✓ Note: this is a USB-A to USB-C cable. Check charger and device compatibility if you require USB-C power delivery for high-watt charging.

Product description

Why choose this charging cable?

Cirafon Sync/Charge Cable USB-C. This 2m black cable gives flexible reach for charging and data transfer between USB-A hosts and USB-C devices. It supports USB 3.2 Gen 1 speeds for faster file transfers and has straight male-to-male connectors for reliable, simple connections. Use it to connect phones, tablets, and peripherals to older PCs or docking stations without changing your workflow.

Sync/Charge Cable USB-C in short:

- 2 m length for convenient use across desks, meeting rooms, and workstations.
- USB-A to USB-C male connectors, straight form factor for easy plug-in and stable fit.
- USB 3.2 Gen 1 (3.1 Gen 1) compatibility for fast data sync with compatible devices.
- Black design blends into professional environments and cable management setups.
- Note: this is a USB-A to USB-C cable. Check charger and device compatibility if you require USB-C power delivery for high-watt charging.

Product details

The Cirafon Sync/Charge Cable USB-C lets you charge and sync devices that use a USB-C port from a host with a USB-A port. Its USB 3.2 Gen 1 support means quicker transfers of photos, documents, and backups compared with older USB generations. The straight, male-to-male connectors match common ports and make the cable easy to fit in tight spaces. Each pack contains one cable, ready for everyday IT and workstation use.
