

Fixed Ultrasmall Wall Mount

Data sheet

Summary

- ✓ Ultra-slim 14 mm depth keeps the display close to the wall for a discreet look.
- ✓ Compatible with 75 x 75 and 100 x 100 mm VESA patterns, fitting many small displays.
- ✓ Supports one display up to 25 kg, suitable for small TVs, digital signage, and POS screens.
- ✓ Compact and lightweight at 1.4 kg, supplied as a single pack for easy handling.
- ✓ Consider cable routing and wall clearance, as the low profile offers limited space behind the screen.

Product description

Why choose this wall mount?

Prokord Fixed Ultrasmall Wall Mount is a low-profile bracket that keeps small displays close to the wall, freeing space and creating a tidy installation. It supports 75 x 75 and 100 x 100 mm VESA patterns and carries up to 25 kg, so it works well for small TVs and commercial screens. Screw-based mounting makes installation straightforward and secure.

Prokord Fixed Ultrasmall Wall Mount in short:

- Ultra-slim 14 mm depth keeps the display close to the wall for a discreet look.
- Compatible with 75 x 75 and 100 x 100 mm VESA patterns, fitting many small displays.
- Supports one display up to 25 kg, suitable for small TVs, digital signage, and POS screens.
- Compact and lightweight at 1.4 kg, supplied as a single pack for easy handling.
- Consider cable routing and wall clearance, as the low profile offers limited space behind the screen.

Product details

The Prokord Fixed Ultrasmall Wall Mount secures a single display to the wall using screws and standard VESA mounting holes. You can use it where space is limited, such as reception areas, meeting rooms, or retail displays. Its compact footprint, 141 mm width and 121 mm height, makes it easy to position without a large mounting plate, while the 14 mm depth ensures a neat, low-profile finish.
