

Powerbank2600mAh White

Data sheet

Summary

- ✓ Small and portable, sized to fit a pocket or a laptop bag for travel and commutes.
- ✓ Supplies a quick top-up charge to smartphones and small USB devices when mains power is unavailable.
- ✓ Charges via micro-USB and delivers power through a single USB Type-A port, with one device supported at a time.
- ✓ Includes a micro-USB cable and works with universal chargers for convenient compatibility.
- ✓ Note: 2600mAh capacity is intended for emergency or partial charges, not multiple full smartphone recharges.

Product description

Why choose this powerbank?

Cirafon 2600mAh powerbank is a compact emergency charger that gives a reliable top-up for a phone or other small USB device. It helps you stay reachable on short trips or during long workdays without adding much weight to your bag. The simple, white rectangular design is easy to store and use with existing USB chargers and cables.

Cirafon 2600mAh powerbank in short:

- Small and portable, sized to fit a pocket or a laptop bag for travel and commutes.
- Supplies a quick top-up charge to smartphones and small USB devices when mains power is unavailable.
- Charges via micro-USB and delivers power through a single USB Type-A port, with one device supported at a time.
- Includes a micro-USB cable and works with universal chargers for convenient compatibility.
- Note: 2600mAh capacity is intended for emergency or partial charges, not multiple full smartphone recharges.

Product details

The Cirafon 2600mAh powerbank uses a Li-ion cell and provides a 1A output for steady, straightforward charging. You plug the unit into a USB power source using the included micro-USB cable to recharge the powerbank, then connect your device to the USB-A port for a single-device boost. Its compact rectangular shape and white finish make it unobtrusive in a professional setting, and the modest capacity keeps it lightweight and easy to carry.
