

Docking Station And HD Cloner For 2X SATA

Data sheet

Summary

- ✓ Two-bay SATA docking and cloner that accepts 3.5 and 2.5 inch HDD and SSD for easy swapping and testing.
- ✓ Standalone 1:1 clone function, useful for drive migration, recovery and duplicating disks without a PC.
- ✓ USB 3.0 (USB-A) host interface with up to 5 Gbit/s transfer rate for faster file access when connected.
- ✓ Hot plug and play with LED indicators for power and data activity, plus a 12V/3A adapter for reliable operation with 3.5 inch drives.
- ✓ Check drive capacity compatibility before purchase, as the unit supports large SATA drives up to the specified maximum.

Product description

Why choose this docking station?

Prokord Docking Station And HD Cloner For 2X SATA gives you fast, reliable access to two SATA drives while also letting you perform a standalone 1:1 clone without a computer. It saves time on migrations and backups, simplifies drive testing and refurbishment, and fits easily into workflows that need quick, repeatable disk copies and direct file transfers.

Docking Station And HD Cloner For 2X SATA in short:

- Two-bay SATA docking and cloner that accepts 3.5 and 2.5 inch HDD and SSD for easy swapping and testing.
- Standalone 1:1 clone function, useful for drive migration, recovery and duplicating disks without a PC.
- USB 3.0 (USB-A) host interface with up to 5 Gbit/s transfer rate for faster file access when connected.
- Hot plug and play with LED indicators for power and data activity, plus a 12V/3A adapter for reliable operation with 3.5 inch drives.
- Check drive capacity compatibility before purchase, as the unit supports large SATA drives up to the specified maximum.

How it works

The docking station accepts two SATA drives and provides direct access to their contents when connected to a host over USB 3.0. Use it as a regular external dock for quick file transfers, or engage the dedicated cloning function to copy one drive to another without booting a computer. LED indicators show power and read/write activity so you can monitor operations at a glance.

Practical use and compatibility

Prokord Docking Station And HD Cloner For 2X SATA is compatible with Windows, macOS and Linux, making it suitable for mixed environments. Its compact black housing keeps desk space tidy while the included power adapter supports the power needs of 3.5 inch drives. Use it for backups, data recovery, drive imaging, and preparing drives for deployment or resale.

Technical Specification Matrix

Header

Manufacturer	Prokord
--------------	---------

Hard drive

Storage media type	HDD, SSD
Storage drive interface	Serial ATA
Storage drive sizes supported	2.5, 3.5 "

Number of storage drives supported	2
Maximum storage capacity	10 TB

Ports & interfaces

Host interface	USB-A 3.2 Gen 1 (3.1 Gen 1)
----------------	-----------------------------

Features

Maximum data transfer rate	5 Gbit/s
Product colour	Black
LED indicators	Yes
Plug and Play	Yes

Weight & dimensions

Width	109 mm
Depth	152 mm
Height	62 mm

Software

Windows operating systems supported	Yes
Linux operating systems supported	Yes
Mac compatibility	Yes
Mac operating systems supported	Yes

Logistics data

Harmonized System (HS) code	84733080
