

U200 Duo Noise Cancelling Stereo USB-A Black

Data sheet

Summary

- ✓ Stereo headset with a noise-cancelling boom mic, suited for frequent calls and light music playback
- ✓ USB Type-A plug-and-play connection for easy use with Windows and Mac devices
- ✓ In-line control unit with buttons for mute, volume, and playback at your fingertips
- ✓ Lightweight, foldable design with adjustable headband and supra-aural foam pads for everyday comfort
- ✓ Consideration: wired USB limits mobility, and supra-aural pads may feel snug during very long sessions

Product description

Why choose this headset?

Voxicon U200 Duo Noise Cancelling delivers clear stereo audio and a folding noise-cancelling boom microphone for clearer conversations in busy environments. The USB Type-A connection provides plug-and-play compatibility with Windows and Mac. Inline controls, an adjustable headband, and a two-metre cable make it practical for desk use and shared workspaces.

U200 Duo Noise Cancelling in short:

- Stereo headset with a noise-cancelling boom mic, suited for frequent calls and light music playback
- USB Type-A plug-and-play connection for easy use with Windows and Mac devices
- In-line control unit with buttons for mute, volume, and playback at your fingertips
- Lightweight, foldable design with adjustable headband and supra-aural foam pads for everyday comfort
- Consideration: wired USB limits mobility, and supra-aural pads may feel snug during very long sessions

Design and comfort

The headset is built with a slim plastic headband and foam ear pads that sit on the ear. The adjustable headband helps fit different users without much fuss. The folding boom and compact profile make it easy to store or place on a stand when not in use.

Audio and microphone

Audio is tuned to keep speech clear while remaining suitable for background music. The boom microphone uses noise-cancelling technology to reduce ambient office noise so your voice comes through more distinctly on calls. The folding boom lets you position the mic for optimal pickup and tuck it away when you only need audio playback.

Connectivity and controls

A single USB Type-A connector delivers a reliable wired connection and straightforward setup on both Windows and Mac systems. The 2 m cable provides room to move between work areas at a desk. Inline buttons put mute and volume control within reach, so you can manage calls and media without interrupting your workflow.

Technical Specification Matrix

Header

Manufacturer	Voxicon
--------------	---------
