- ✓ Check your display's weight and VESA pattern before purchase to ensure compatibility.

Product description

Why choose this monitor wall mount?

Prokord Full Motion Gas Lift Arm Wall Mount provides flexible screen positioning and saves desk space while improving viewing comfort. It offers smooth, one-hand height and angle adjustment and tidy cable routing for clean installations. The mount suits meeting rooms, shared workspaces, and reception areas where quick ergonomic adjustments are needed.

Full Motion Gas Lift Arm Wall Mount in short:

- Smooth gas lift arm for effortless height adjustment, useful for hot-desking and shared workstations.
- Supports 32–50 inch displays and up to 16 kg, suitable for mid-size monitors and small screens.
- Wide VESA compatibility up to 400 x 400 mm, compatible with most common mounting patterns.
- Extends from 79 mm to 478 mm from the wall and offers -5 to 10 degrees tilt for comfortable viewing and presentation setup.
- Check your display’s weight and VESA pattern before purchase to ensure compatibility.

Full Motion Gas Lift Arm Wall Mount

The Prokord Full Motion Gas Lift Arm Wall Mount secures a single display to the wall while allowing flexible positioning. The gas-assisted arm enables smooth, incremental adjustments so you can set the height and tilt with one hand. It accommodates a broad range of VESA patterns and supports typical monitor sizes and weights, making it practical for office screens and digital signage. Built from steel and aluminium, the mount is designed for stable support and integrated cable management keeps cables out of sight.
