Installation and use

The Prokord Full Motion Wall Mount Deluxe supports a broad range of VESA mounting patterns, covering common sizes down to 200 x 200 mm and up to 600 x 600 mm, which makes it compatible with many modern displays. The multi-jointed arm lets you pull the screen forward for maintenance or push it flat against the wall to save space. Simple tilt and swivel adjustments help align the display for different seating arrangements, and integrated cable routing keeps cables tidy during movement.
