

Office M30WLB RF Wireless Mouse Black

Data sheet

Summary

- ✓ Right-hand ergonomic design with contoured thumb area for comfortable long sessions.
- ✓ 1600 dpi optical sensor tuned for accurate navigation in spreadsheets and documents.
- ✓ Five pressed buttons, including two side buttons and a DPI switch, for quick shortcuts and navigation.
- ✓ RF wireless connection with USB nano receiver for simple plug-and-play use.
- ✓ Single AA battery power for low-maintenance operation and easy battery replacement.

Product description

Why choose this mouse?

Voxicon Office M30WLB delivers reliable RF wireless connectivity and precise 1600 dpi optical tracking for smooth, accurate cursor control. Its right-hand ergonomic shape and five responsive pressed buttons improve comfort and workflow efficiency. Single AA battery operation and plug-and-play setup let you get working quickly without extra software, while the compact black design fits neatly into busy office setups.

Office M30WLB in short:

- Right-hand ergonomic design with contoured thumb area for comfortable long sessions.
- 1600 dpi optical sensor tuned for accurate navigation in spreadsheets and documents.
- Five pressed buttons, including two side buttons and a DPI switch, for quick shortcuts and navigation.
- RF wireless connection with USB nano receiver for simple plug-and-play use.
- Single AA battery power for low-maintenance operation and easy battery replacement.

Main functions

The Office M30WLB provides the essentials for everyday office work. The 1600 dpi optical sensor gives predictable pointer movement across typical desk surfaces, which helps when editing documents or moving between cells in spreadsheets. The vertical scroll wheel enables smooth document review, and the DPI switch lets you change cursor sensitivity on the fly to match different tasks.

Ergonomic design

Designed for right-handed use, the mouse has a contoured profile that supports your palm and keeps the thumb buttons within easy reach. Pressed-button switches deliver consistent tactile feedback for frequent clicking. These features reduce strain during extended sessions and make common navigation actions faster and more natural.

Setup and practicality

Setup is straightforward. Plug the compact USB RF receiver into an available port and the mouse is ready to use without additional drivers. A single AA battery powers the device, simplifying replacements and inventory management. With dimensions of 106 mm by 73 mm by 36 mm, the mouse stays compact on crowded desks and is easy to move between workstations when needed.

Technical Specification Matrix
