

Fixed Ultra Thin Wall Mount VESA 200X200

Data sheet

Summary

- ✓ Ultra-low profile design, 19 mm depth, for installations that need a close-to-wall finish.
- ✓ Compatible with VESA patterns from 75 x 75 mm to 200 x 200 mm, covering common small and medium displays.
- ✓ Supports one display up to 25 kg, suitable for digital signage, meeting-room screens, and reception displays.
- ✓ Lightweight plate for easier handling during installation, weight about 1.4 kg.
- ✓ Fixed mount with no tilt or swivel, consider if post-installation adjustment is required.

Product description

Why choose this wall mount?

Prokord Fixed Ultra Thin Wall Mount VESA 200X200 keeps a single display close to the wall for a tidy, space-saving installation. Its 19 mm profile minimizes screen protrusion, while a robust steel plate supports displays up to 25 kg for dependable, long-term mounting.

Fixed Ultra Thin Wall Mount VESA 200X200 in short:

- Ultra-low profile design, 19 mm depth, for installations that need a close-to-wall finish.
- Compatible with VESA patterns from 75 x 75 mm to 200 x 200 mm, covering common small and medium displays.
- Supports one display up to 25 kg, suitable for digital signage, meeting-room screens, and reception displays.
- Lightweight plate for easier handling during installation, weight about 1.4 kg.
- Fixed mount with no tilt or swivel, consider if post-installation adjustment is required.

Fixed Ultra Thin Wall Mount VESA 200X200

The Prokord Fixed Ultra Thin Wall Mount VESA 200X200 is a straightforward mounting solution designed for small to medium flat screens. It accommodates multiple panel mounting interfaces, so you can attach displays with varied hole patterns without extra adapters. The slim profile and compact footprint make it ideal where a low visual impact is important. Hardware and clear attachment points simplify installation, and the unit is supplied as a single piece suitable for one display.
