Product description

Why choose this ink cartridge?

Gilford Ink Yellow DC-551Y XI delivers consistent, vibrant yellow prints while reducing interruptions thanks to its high (XL) capacity. It yields up to 685 pages, so you replace cartridges less often and keep projects moving. The cartridge is designed for steady performance in routine and high-volume colour printing tasks.

Gilford Ink Yellow DC-551Y XI in short:

- High (XL) yield, reliable output of up to 685 pages for extended printing runs
- Bright yellow for clear charts, highlights, and colour documents
- Single pack, supplied as one cartridge for straightforward stocking and replacement
- Compatible with a range of Canon Pixma models listed on the cartridge packaging
- Check printer compatibility before purchase to ensure a correct fit

Product details

Gilford Ink Yellow DC-551Y XI, sold as DP-C-0551XLY on the packaging, is an easy-to-install replacement cartridge for colour printing. It is intended for offices and print environments that need dependable colour output and fewer cartridge changes. The single-pack format contains one high-capacity cartridge, which helps streamline inventory and reduce maintenance during busy printing periods.
