Prokord FTP CAT.7 Shielded RJ45 Lszh 1m Grey

This cable connects your network equipment reliably in confined spaces such as racks, cabinets, and desktop setups. It uses copper conductors and S/FTP shielding to maintain signal integrity where adjacent cables or electrical equipment could cause interference. The cable supports Power over Ethernet, so you can power compatible devices without extra cabling. The grey LSZH jacket keeps installation neat and reduces fire-related risk in indoor environments.
