- Purchase consideration: this is a compatible cartridge, not a manufacturer-original. Verify Type 718 compatibility with your printer before buying.

Product details

Gilford Toner Magenta 2.9K Pages Type 718 - Mf8330 - 2660B00 replaces the magenta supply in compatible laser printers and maintains consistent colour density across print runs. The cartridge is designed for easy insertion and standard handling during replacement. It is intended for offices and departments that need steady colour output without adding complexity to supply management.
