- ✓ Three tactile pressed buttons plus a vertical scroll wheel for efficient navigation
- ✓ Wired USB-A connection with a 1.5 m cable for immediate, battery-free operation
- ✓ Compact size that fits easily into laptop bags and tight workspaces

Product description

Why choose this mouse?

Voxicon Travel Mini M32W is a compact wired optical mouse designed for office use, offering 1600 dpi tracking, ambidextrous comfort, and a travel-friendly 90 × 58 × 36 mm form factor. It delivers reliable, plug-and-play performance with a 1.5 m USB-A cable, so you get steady connectivity and familiar controls whether at your desk or on the move.

Travel Mini M32W in short:

- Precise 1600 dpi optical tracking for accurate cursor control during document work and web browsing
- Ambidextrous shape that supports both left- and right-handed use without compromise
- Three tactile pressed buttons plus a vertical scroll wheel for efficient navigation
- Wired USB-A connection with a 1.5 m cable for immediate, battery-free operation
- Compact size that fits easily into laptop bags and tight workspaces

Practical features

The Travel Mini M32W uses an optical sensor tuned to 1600 dpi, which balances precision and smooth pointer movement for everyday office tasks. The three pressed buttons and clickable scroll wheel provide straightforward controls for navigating spreadsheets, presentations, and long web pages. The wired USB-A connection requires no setup beyond plugging in, so you avoid battery changes and potential wireless latency.

Comfort and portability

The ambidextrous form factor gives comfortable support for both hands and keeps hand positioning neutral during extended use. At 90 × 58 × 36 mm the mouse is small enough to travel with your laptop and still large enough for steady handling. The durable 1.5 m cable lets you position the mouse freely on typical desks while keeping a compact, low-profile design.

Technical Specification Matrix
