Product description

Why choose this video adapter kit?

Prokord Video Adapter Kit Premium All+USB gives you a compact set of adapters that let you connect devices with USB-C, DisplayPort, Mini DisplayPort, micro HDMI or mini HDMI outputs to standard HDMI displays. It reduces cable clutter, speeds setup for meetings and presentations, and helps keep adapters together with a tether cable in a black and grey finish.

Video Adapter Kit Premium All+USB in short:

- Converts common device outputs — USB-C, DisplayPort, Mini DisplayPort, micro HDMI and mini HDMI — to a female HDMI connection, useful for meeting rooms and on-site presentations.
- Straight male connectors for easy insertion and stable connections during setup and use.
- Compact adapter heads in black and grey for a professional look and simplified storage.
- Includes a tether cable to keep adapters organised and reduce the risk of loss.
- Check that your source device supports video over USB-C before relying on the USB-C adapter for video output.

What it does

The kit provides a set of short adapter leads that let you plug a range of laptops, tablets and cameras into HDMI displays and projectors without swapping long cables. Each adapter attaches to an HDMI female port so you can use a standard HDMI cable to the display. The straight male connectors match common device ports for a straightforward fit. The tether keeps the adapters together for easy transport and quick access when you need them.
