

Video Adapter Premium Microhdmi-HDMI Micro HDMI HDMI Black,

Data sheet

Summary

- ✓ Converts a male Micro HDMI output to a female HDMI input, ideal for cameras, tablets, and small media players.
- ✓ Compact inline adapter with a short, flexible lead for neat cable routing and reduced port leverage.
- ✓ Straight connector form factors provide a secure and predictable connection.
- ✓ Grey and black housing offers a discreet, professional appearance for studio and field use.
- ✓ Supplied as a single unit; not compatible with other connector types and intended for standard video output only.

Product description

Why choose this Video Adapter?

Prokord Video Adapter Premium Microhdmi-HDMI gives you a straightforward, reliable way to link devices with a Micro HDMI output to standard HDMI displays. The compact inline design and straight connectors keep connections neat and reduce stress on ports. The black cable and grey housings suit both studio and field use, making it practical for monitoring, presentations, and quick on-site setups.

Video Adapter Premium Microhdmi-HDMI in short:

- Converts a male Micro HDMI output to a female HDMI input, ideal for cameras, tablets, and small media players.
- Compact inline adapter with a short, flexible lead for neat cable routing and reduced port leverage.
- Straight connector form factors provide a secure and predictable connection.
- Grey and black housing offers a discreet, professional appearance for studio and field use.
- Supplied as a single unit; not compatible with other connector types and intended for standard video output only.

Prokord Video Adapter Premium Microhdmi-HDMI

This adapter pairs a straight male Micro HDMI plug with a straight female HDMI socket so you can attach a standard HDMI cable to devices that use Micro HDMI. The short, flexible cable keeps the connection close to the device to help prevent accidental unplugging and to reduce strain on the port. The black cable and grey connector housings provide a low-profile look, and the single-piece supply is easy to carry in a camera or service kit.
