

Office GR610USB-A Mouse Black

Data sheet

Summary

- ✓ Sculpted right-hand ergonomic shape, designed to reduce wrist and forearm strain during extended use.
- ✓ Optical sensor with three customizable DPI settings up to 1600 dpi, for precise control in spreadsheets, ticketing systems, and detailed review tasks.
- ✓ Six programmable pressed buttons to map common shortcuts and speed repetitive workflows.
- ✓ Smooth vertical scroll wheel, subtle blue illumination on the wheel and logo, and a 1.5 m braided cable with USB-A plug for reliable plug-and-play connection.
- ✓ Includes a warranty card and user guide for straightforward setup and support.

Product description

Why choose this mouse?

Voxicon Office GR610 is a wired ergonomic office mouse that balances precise control with lasting comfort. Its sculpted right-hand shape reduces wrist fatigue during long sessions, while three adjustable DPI modes up to 1600 dpi let you tailor pointer speed for detailed work or fast navigation. Six pressed buttons streamline repetitive tasks, and blue LED illumination helps you locate controls in low light.

Office GR610 in short:

- Sculpted right-hand ergonomic shape, designed to reduce wrist and forearm strain during extended use.
- Optical sensor with three customizable DPI settings up to 1600 dpi, for precise control in spreadsheets, ticketing systems, and detailed review tasks.
- Six programmable pressed buttons to map common shortcuts and speed repetitive workflows.
- Smooth vertical scroll wheel, subtle blue illumination on the wheel and logo, and a 1.5 m braided cable with USB-A plug for reliable plug-and-play connection.
- Includes a warranty card and user guide for straightforward setup and support.

Ergonomic comfort

The mouse’s contoured form follows the natural curve of your right hand to reduce pressure points and minimize fatigue over long workdays. Tactile pressed buttons and a sculpted thumb area support steady control and fewer hand adjustments, so you can stay focused on tasks.

Performance and controls

An optical sensor adapts across three movement resolution modes, letting you switch quickly between fine adjustments and faster pointer motion. The six responsive buttons are programmable, so you can assign shortcuts for copying, pasting, or app switching to speed common tasks. The single scroll wheel provides smooth vertical scrolling and is complemented by soft blue illumination for easy orientation.

Setup and reliability

Wired USB-A connectivity and a 1.5 m braided cable deliver a stable, low-latency connection with simple plug-and-play setup. At about 155 g the mouse offers a stable feel for precise movements. A warranty card and user guide are included to support deployment and ongoing use.

Technical Specification Matrix

Header
