

Prokord DPC-0055

Data sheet

Core Specs

Cable length	10 m
Connector 1	CEE7/7
Connector 2	CEE7/4
Product colour	Black

Summary

- ✓ 10m cable extends reach to distant outlets, reduces clutter
- ✓ Angled male plug, 90° profile saves space behind equipment
- ✓ Straight female Schuko socket provides secure, stable connection
- ✓ Tethered protective cap shields the unused socket from dust
- ✓ Durable black finish fits professional IT and workshop environments

Product description

Why choose this power cord?

Prokord Power Cord 10m Extension Angeld Schuko Black gives you 10 metres of reach to place equipment away from fixed outlets while keeping installations neat and manageable. The angled 90° CEE7/7 plug eases use in tight spaces and reduces strain on connectors. The straight CEE7/4 socket includes a tethered dust cap for cleaner connections and a professional black finish.

Power Cord 10m Extension Angeld Schuko Black in short:

- 10 m cable length for flexible placement across rooms, racks, and workbenches.
- Angled CEE7/7 male connector, 90° design, fits close to walls and reduces cable strain.
- Straight CEE7/4 female socket with tethered dust cap for temporary extensions and protected connections.
- Indoor-rated construction suited to offices, workshops, and data centres.
- Not suitable for outdoor or wet environments without additional protection.

Product details

Prokord Power Cord 10m Extension Angeld Schuko Black is a practical extension lead for indoor use. It pairs an angled CEE7/7 male plug with a straight CEE7/4 female socket to provide secure compatibility with common European equipment. The tethered cap keeps the socket free from dust when unused. Use this cord to extend access to power, route cables along walls, or reduce stress on outlet connections.
