Product details

The Prokord HDMI 2-Port 4K Video Splitter mirrors a single HDMI signal to two outputs so you can run the same presentation or video on two screens simultaneously. Connect your source to the built-in input cable and plug your displays into the two HDMI outputs. With support for 4K resolution and 3D content, plus a bandwidth designed to reduce artefacts, it is a practical choice when you need consistent image quality on two screens without extra configuration.
