Product description

Why choose this adapter?

Prokord Adapter USB-C To USB A is a compact solution that lets you connect USB-A peripherals to USB-C ports with minimal hassle. It reduces the need for extra cables, keeps workspaces tidy, and provides a durable, low-profile connection for routine data transfers and peripheral use in a discreet black housing.

Prokord Adapter USB-C To USB A in short:

- Bridges USB-A devices to USB-C hosts, useful for flash drives, keyboards, mice, and printers.
- Straight male USB-A to straight female USB-C keeps connections low-profile and stable.
- Compact black housing fits discreetly into laptop and docking setups, supplied as a single-piece pack.

- Not suitable for high-power charging, and some setups may fall back to USB 2.0 speeds.

How it helps

This adapter lets you use older USB-A accessories with newer USB-C systems without carrying extra cables. Prokord Adapter USB-C To USB A connects directly for simple device access during travel, IT tasks, and everyday desk work. The design focuses on reliable peripheral and data connections rather than power delivery, so confirm device requirements if you need fast charging or very high bandwidth.
