- ✓ Easy to apply and remove, and compatible with touchscreen use.
- ✓ Provides dust and scratch resistance and meets CE and REACH compliance.
- ✓ Purchase note: designed for the exact 299 × 195 mm screen size, check measurements before ordering.

Product description

Why choose this privacy filter?

Cirafon Privacy Filter 13.3" 299 × 195 mm 16:10 Mac 2018-2019 helps keep on-screen information visible only to the user by narrowing the viewing angle to 60°. It attaches magnetically for quick fitting and removal, and adds dust and scratch resistance to protect the display. Use it to safeguard sensitive data in open-plan offices, meetings, or while travelling.

Privacy Filter 13.3" 299 × 195 mm 16:10 Mac 2018-2019 in short:

- Magnetic framed privacy filter that limits side viewing to 60°, suitable for 13.3" 16:10 Mac 2018-2019 displays.
- Black frame with a top camera opening, allowing webcam access while maintaining privacy.
- Easy to apply and remove, and compatible with touchscreen use.
- Provides dust and scratch resistance and meets CE and REACH compliance.
- Purchase note: designed for the exact 299 × 195 mm screen size, check measurements before ordering.

Product details

The Cirafon Privacy Filter 13.3" 299 × 195 mm 16:10 Mac 2018-2019 sits in a slim black frame that aligns to the display using magnets for tool-free installation. The privacy film reduces side visibility to protect confidential information, while the surface resists dust and scratches to reduce maintenance. The filter works with touch input and keeps the webcam accessible through the top opening, making it practical for everyday laptop use.
