

Privacy Filter 13.3" 287*180mm- Macbook Air 201813.3"

Data sheet

Summary

- ✓ Framed display privacy filter in black, sized for 13.3" (287 x 180 mm) laptop screens.
- ✓ Limits side viewing angles to protect confidential on-screen data, while reducing glare for clearer viewing.
- ✓ Made from polyethylene terephthalate (PET) for stable optical clarity and everyday durability.
- ✓ Discreet black frame for clean alignment and a professional look.
- ✓ Check your screen dimensions (287 x 180 mm) before purchase to ensure correct fit.

Product description

Why choose this privacy filter?

Cirafon Privacy Filter 13.3" 287*180mm- Macbook Air 2018 helps keep on-screen information visible only to the person directly in front of the laptop. It uses a framed PET construction with an anti-glare surface to cut reflections and improve viewing comfort. That combination reduces the risk of shoulder-surfing in open offices and on public transport.

Privacy Filter 13.3" 287*180mm- Macbook Air 2018 in short:

- Framed display privacy filter in black, sized for 13.3" (287 x 180 mm) laptop screens.
- Limits side viewing angles to protect confidential on-screen data, while reducing glare for clearer viewing.
- Made from polyethylene terephthalate (PET) for stable optical clarity and everyday durability.
- Discreet black frame for clean alignment and a professional look.
- Check your screen dimensions (287 x 180 mm) before purchase to ensure correct fit.

Product details

The Cirafon Privacy Filter 13.3" 287*180mm- Macbook Air 2018 is a framed display filter that combines privacy and anti-glare functionality for 13.3-inch laptops. It is manufactured from PET and uses a black frame to sit neatly on the screen. The filter meets REACH and CE compliance standards and is suitable for users who need to protect sensitive information on laptops in shared or public environments.
