

Locker 3 Digit

Data sheet

Summary

- ✓ Dual access with three-digit combination and a keyed mechanism for alternate entry.
- ✓ Master keyed design lets a single key manage multiple locks for streamlined administration.
- ✓ Solid metal body and conventional padlock shape fit cabinets, lockers, racks, and luggage.
- ✓ Travel-friendly appearance with a travel-screening logo visible on the body, useful when handling checked baggage.
- ✓ Not intended for outdoor exposure or ultra-high security perimeter protection.

Product description

Why choose this combination & key lock?

Cirafon Locker 3 Digit combines a three-digit combination with a keyed option and master keyed capability to give you flexible, easy-to-manage access control. Its metal construction and silver finish deliver reliable day-to-day protection while keeping maintenance low. Use it where controlled, repeatable access matters, such as equipment cabinets, office storage, or travel luggage.

Locker 3 Digit in short:

- Dual access with three-digit combination and a keyed mechanism for alternate entry.
- Master keyed design lets a single key manage multiple locks for streamlined administration.
- Solid metal body and conventional padlock shape fit cabinets, lockers, racks, and luggage.
- Travel-friendly appearance with a travel-screening logo visible on the body, useful when handling checked baggage.
- Not intended for outdoor exposure or ultra-high security perimeter protection.

Locker 3 Digit

Cirafon Locker 3 Digit offers straightforward security with easy-to-set combination wheels and a keyed override for situations that need supervisor access. The master keyed option reduces key handling when you manage multiple locks. Its metal body and silver finish resist everyday wear and suit IT rooms, office storage, labs, and travel use. Keep in mind it is designed for indoor or protected environments rather than exposed outdoor sites.
