Product description

Why choose this patch cable?

Prokord Patchcable LSZH 10-pack gives you reliable, high-speed connections in compact indoor environments where safety and signal integrity matter. Each 1 m cable meets Cat 6A performance, supports 10000Mbit/s at 500 MHz and PoE, and combines copper conductors with S/FTP shielding and a low smoke zero halogen jacket to reduce risk and maintain consistent network performance.

Product details

The Prokord Patchcable LSZH 10-pack is ready for plug-and-play use between switches, patch panels and edge devices. Shielding and copper conductors help minimise interference in crowded cabling environments, while the compact 1 m length keeps patches tidy in cabinets and under desks. The grey jacket provides a neutral appearance and the LSZH material enhances safety in areas where low smoke and halogen-free behavior is required.
