- ✓ 1m length keeps setups tidy, ideal for desks and short runs
- ✓ Straight male connectors give a secure, plug and play fit
- ✓ Black finish and slim cable blend into professional environments

Product description

Why choose this Mini DisplayPort cable?

Prokord Mini Displayport - Mini-Displayport provides a compact, reliable link between Mini DisplayPort-equipped devices. With a 1 m length and straight male connectors in a black finish, it reduces desk clutter while delivering a steady digital connection for monitors, docking stations, and presentation setups. Installation is simple and fast, which helps keep downtime low.

Mini Displayport - Mini-Displayport in short:

- 1 m cable for short-range connections between Mini DisplayPort devices.
- Straight male-to-male connectors for direct, tool-free installation.
- Black design that integrates with professional and home workspaces.
- Suited for multi-monitor desks, meeting room displays, and docking stations.
- Not optimized for long cable runs and does not include built-in signal boosting.

Product details

The Prokord Mini Displayport - Mini-Displayport cable carries digital video and audio from a source to a display with a straightforward plug-and-play setup. Its 1 meter length keeps connections tidy and reduces strain on ports. Use it to connect laptops, desktops, or docking stations to Mini DisplayPort monitors where a short, reliable connection is required.
