Product description

Why choose this ring stand?

Circle Ring Stand Silver Cirafon gives your phone a secure grip and a compact kickstand for hands-free viewing. The slim silver profile keeps the device pocket-friendly while the ring folds flat when not in use, helping reduce accidental drops and making single-handed use more comfortable.

Circle Ring Stand Silver in short:

- Secure metal ring that improves grip and reduces drop risk.
- Folds flat to act as a compact kickstand for landscape viewing.
- Slim silver finish keeps the phone pocket-friendly and discreet.
- Supplied as a single unit, one piece per pack.
- Wireless charging is not supported, so remove the ring before using wireless charging.

Circle Ring Stand Silver Cirafon

The Circle Ring Stand Silver attaches to the back of your phone with a high-bond adhesive, creating a stable hold for typing, scrolling, and one-handed photography. The ring pivots so you can set the phone at a comfortable angle for video calls or media playback. The low-profile design keeps the phone usable in pockets and bags, and the silver finish matches many phone colours for a neat, integrated look.
