

Prokord MDP12D-1M-B

Data sheet

Core Specs

Cable length	1 m
Connector 1	Mini DisplayPort
Connector 2	DVI-D
Product colour	Black

Summary

- ✓ Connect Mini DisplayPort sources to DVI-D displays with one cable
- ✓ Dual-link DVI support enables higher DVI bandwidth for detailed images
- ✓ 1 m length keeps workstations tidy and provides convenient reach
- ✓ Straight male connectors ensure a secure, low profile connection
- ✓ Black finish blends into professional setups and cable runs

Product description

Why choose this cable?

Prokord Mini Displayport To DVI-D Singel Link 1.0m Black lets you connect Mini DisplayPort outputs to DVI-D displays with a simple, reliable wired link. It reduces setup time for meeting rooms and workstations, keeps desktop cabling tidy with its 1 m length, and provides a stable digital video connection for everyday office and AV use.

Prokord Mini Displayport To DVI-D Singel Link 1.0m Black in short:

- Converts Mini DisplayPort to DVI-D for connecting laptops and workstations to DVI monitors or projectors.
- 1 m length is practical for desk, meeting-room, and AV rack setups, without excess cable.
- Straight, male Mini DisplayPort and straight, male DVI-D connectors for direct plug-and-play use.
- Black, unobtrusive design fits professional environments and shared spaces.
- Check whether your display requires a dual-link DVI connection, as some high-resolution panels need a dual-link cable or adapter.

Prokord Mini Displayport To DVI-D Singel Link 1.0m Black

This cable transmits a digital DVI-D signal from a Mini DisplayPort source to a DVI display, making it useful for presentations, legacy monitors, and projector connections. The straight male-to-male connectors allow a direct connection without adapters, and the 1 m length helps you keep installations neat. The cable is supplied as a single unit, so you get one ready-to-use cable per pack.
