

Displayport - DVI-I Single Link Adapter Ha - HoDisplayPort DVI-I

Data sheet

Summary

- ✓ Passive adapter for connecting a DisplayPort source to a DVI-I single link monitor.
- ✓ Straight male DisplayPort to straight female DVI-I, with screw-locking DVI for a stable connection.
- ✓ Compact black housing, suitable for desks, workstations, or meeting rooms.
- ✓ Supplied as a single unit, easy to carry and deploy.
- ✓ Note: the DisplayPort output must support dual-mode (DP++) for passive conversion to DVI.

Product description

Why choose this adapter?

Prokord Displayport - DVI-I Single Link Adapter Ha - Ho provides a straightforward way to connect a DisplayPort output to a DVI-I single link display. It helps you reuse existing monitors to reduce replacement costs, fits into tight spaces with a low-profile design, and keeps the DVI connection secure with screw retainers.

Prokord Displayport - DVI-I Single Link Adapter Ha - Ho in short:

- Passive adapter for connecting a DisplayPort source to a DVI-I single link monitor.
- Straight male DisplayPort to straight female DVI-I, with screw-locking DVI for a stable connection.
- Compact black housing, suitable for desks, workstations, or meeting rooms.
- Supplied as a single unit, easy to carry and deploy.
- Note: the DisplayPort output must support dual-mode (DP++) for passive conversion to DVI.

Product details

This adapter converts a DisplayPort output to a DVI-I single link connection, enabling use of older DVI-I displays without extra cabling. The straight connector form factors make it easy to plug in where space is limited. The DVI side includes retaining screws for a secure fit. No additional software is required, and the single-pack format is convenient for one-off replacements or small deployments.
