

Privacy Filter 15.6" 16:9 for Laptop – Standard Screen Privacy Protector 15.6" 16:9

Data sheet

Summary

- ✓ Narrows the viewing cone to 60 degrees, preventing shoulder surfing in open-plan offices, meetings, and public transport.
- ✓ Anti-reflective and scratch-resistant surface maintains on-screen clarity while reducing glare.
- ✓ Touchscreen compatible and fingerprint resistant, so touch input stays accurate and the display remains cleaner.
- ✓ Frameless black design keeps a slim profile and matches the visible area of 194 x 345 mm for 15.6" 16:9 screens.
- ✓ Installs with adhesive strip plus slide mount tab for a secure fit, note that adhesive installation requires careful placement during fitting.

Product description

Why choose this privacy filter?

Privacy Filter 15.6" 16:9 for Laptop – Standard Screen Privacy Protector, Cirafon, reduces off-angle viewing to protect sensitive information while keeping your own view clear and responsive. It lowers glare and fingerprints, fits standard 15.6-inch 16:9 laptop screens, and installs with adhesive strips and slide mount tabs for a low-profile fit. This helps reduce distractions and supports privacy in shared spaces.

Privacy Filter 15.6" 16:9 for Laptop – Standard Screen Privacy Protector in short:

- Narrows the viewing cone to 60 degrees, preventing shoulder surfing in open-plan offices, meetings, and public transport.
- Anti-reflective and scratch-resistant surface maintains on-screen clarity while reducing glare.
- Touchscreen compatible and fingerprint resistant, so touch input stays accurate and the display remains cleaner.
- Frameless black design keeps a slim profile and matches the visible area of 194 x 345 mm for 15.6" 16:9 screens.
- Installs with adhesive strip plus slide mount tab for a secure fit, note that adhesive installation requires careful placement during fitting.

Product details

Privacy Filter 15.6" 16:9 for Laptop – Standard Screen Privacy Protector attaches to the landscape laptop screen to limit side viewing while preserving brightness and color for the person directly in front. The anti-reflective coating reduces stray reflections, and the scratch-resistant finish protects the display during daily use. The frameless edge keeps the look minimal and allows touchscreens to remain fully responsive. The product complies with CE and REACH standards.
