

Privacy Filter 24" 517.4 x 323.6mm 16:10 24" 16:10

Data sheet

Summary

- ✓ Frameless privacy filter designed for 24-inch monitors with a 16:10 aspect ratio, matching a 517.4 x 323.6 mm viewing area, landscape orientation.
- ✓ Limits side viewing to protect sensitive data in open-plan offices, reception areas, healthcare settings, and public kiosks.
- ✓ Anti-glare surface improves readability under bright lights, with scratch- and fingerprint-resistant coating for durability.
- ✓ Attaches using adhesive strips and a slide mount tab for a low-profile, secure fit that aligns cleanly with the screen.
- ✓ Consideration: the frameless design works best with slim-bezel monitors, so verify screen dimensions before purchase.

Product description

Why choose this display privacy filter?

Cirafon Privacy Filter 24" 517.4 x 323.6mm 16:10 protects on-screen information by narrowing side viewing angles, while reducing glare for clearer visibility in bright environments. Its scratch- and fingerprint-resistant surface helps keep the screen legible and low maintenance, so you can safeguard confidential content without affecting everyday use.

Privacy Filter 24" 517.4 x 323.6mm 16:10 in short:

- Frameless privacy filter designed for 24-inch monitors with a 16:10 aspect ratio, matching a 517.4 x 323.6 mm viewing area, landscape orientation.
- Limits side viewing to protect sensitive data in open-plan offices, reception areas, healthcare settings, and public kiosks.
- Anti-glare surface improves readability under bright lights, with scratch- and fingerprint-resistant coating for durability.
- Attaches using adhesive strips and a slide mount tab for a low-profile, secure fit that aligns cleanly with the screen.
- Consideration: the frameless design works best with slim-bezel monitors, so verify screen dimensions before purchase.

Features and use

The Cirafon filter provides privacy without adding a heavy frame, making it suitable for modern monitors and workstations. It combines privacy filtering and anti-glare treatment to reduce visual distractions and protect confidential information during day-to-day tasks. The black finish blends with most bezels, and CE and REACH compliance supports use in regulated environments.
