Product description

Why choose this USB-C docking station?

Prokord USB-C Dockingstation Black gives you a compact hub that expands a laptop’s connectivity with a single USB-C connection. It simplifies desk setup by adding wired Ethernet, multiple video outputs, audio and extra USB ports. The dock saves time when you switch between workspaces and reduces cable clutter without complex configuration.

USB-C Dockingstation Black in short:

- Single USB-C 3.2 Gen 1 host connection, ideal for quickly connecting a laptop to peripherals and network.
- Multiple display outputs, with HDMI, DisplayPort and VGA, for use with both modern and legacy monitors.
- Built-in RJ-45 Ethernet and headphone jack for stable network access and wired audio.
- Three USB-A ports and one USB-C port for mice, keyboards, storage and other accessories.
- Check your laptop’s USB-C video output capabilities, as multi-monitor performance depends on host support.

Practical features

This Prokord docking station provides straightforward wired connectivity for hybrid and office setups. Use HDMI, DisplayPort or VGA to connect a monitor, plug in wired Ethernet for reliable network access, and attach peripherals to the USB-A and USB-C ports. The dock measures 120 mm by 120 mm by 15 mm and has a grey finish, making it small enough to carry in a laptop bag. Each pack contains one unit.

Technical Specification Matrix

Header

Manufacturer	Prokord
