- ✓ Useful when you need to attach modern laptops or tablets to older monitors or projectors.
- ✓ Check that your device's USB-C port supports video output (DisplayPort Alt Mode) before purchase.

Product description

Why choose this adapter?

Prokord USB-C - DVI-D Single Link 1080P@60Hz is a compact adapter that lets you connect a USB-C video output to a DVI-D display. It delivers reliable full HD video at up to 1920 x 1080 pixels and 60Hz, which suits presentations, video playback, and standard workstation use. The small form factor keeps desk and travel setups tidy.

Prokord USB-C - DVI-D Single Link 1080P@60Hz in short:

- Connects a USB-C (male) source to a DVI-D (female) display for video output.
- Supports full HD 1920 x 1080 at 60Hz for smooth desktop and multimedia use.
- Compact white adapter with straight connector form factors, easy to carry and position.
- Useful when you need to attach modern laptops or tablets to older monitors or projectors.
- Check that your device's USB-C port supports video output (DisplayPort Alt Mode) before purchase.

Product details

This adapter converts digital video from a USB-C source to a single-link DVI-D display, supporting 1080p at 60Hz. Both connectors use a straight form factor, making the adapter simple to plug in on desks and docking setups. The white housing is discreet in office and meeting-room environments. The product is supplied as one piece per pack. Note that DVI-D carries video only, so audio requires a separate connection.
