

# USB-C Multiport Power 100w110W Black

Data sheet

## Summary

- ✓ USB-C Power Delivery up to 87W on the Type-C port, suitable for most laptops while also charging peripherals.
- ✓ Four USB-A ports for phones, tablets, and accessories, each providing up to 2.4A for steady charging.
- ✓ Total output capacity of 110W and five simultaneous outputs, useful for hot-desking, meeting rooms, or small workspaces.
- ✓ Wide 100–240V input and included AC cable make it compatible with international mains for indoor use.
- ✓ Note that this is an indoor AC charger, not a portable battery pack.

# Product description

## Why choose this USB-C multiport charger?

Cirafon USB-C MULTIPORT POWER 110W gives you laptop-class USB-C charging plus multiple Type-A ports in a single compact unit. It reduces the number of adapters you need, frees desk space, and lets you power a laptop and several phones or tablets at the same time with reliable AC-powered performance.

## USB-C Multiport Power 110W in short:

- USB-C Power Delivery up to 87W on the Type-C port, suitable for most laptops while also charging peripherals.
- Four USB-A ports for phones, tablets, and accessories, each providing up to 2.4A for steady charging.
- Total output capacity of 110W and five simultaneous outputs, useful for hot-desking, meeting rooms, or small workspaces.
- Wide 100–240V input and included AC cable make it compatible with international mains for indoor use.
- Note that this is an indoor AC charger, not a portable battery pack.

## Product details

Cirafon USB-C MULTIPORT POWER 110W combines one high-power USB-C port with four USB-A ports to handle laptops, mobile devices, and accessories from a single AC outlet. The USB-C port supports variable output voltages for Power Delivery devices, while the Type-A ports deliver consistent 2.4A charging for phones and tablets. The black, compact enclosure is designed to sit on a desk or in a shared charging area, and the unit comes with an AC cable for easy plug-and-play setup.
