

Universal Smart Desk Powerstrip Holder Martin

Data sheet

Summary

- ✓ Screw-mount clamp secures a power strip to the desk edge for quick access and neat cable routing.
- ✓ Active holder design supports the strip and reduces stress on connectors during use.
- ✓ White finish fits modern office interiors and helps the holder blend with desks and equipment.
- ✓ Useful for individual workstations, meeting rooms, and shared desks where desk space is limited.
- ✓ Supplied as 1 pc; check desk edge clearance and thickness to ensure the screw clamp fits.

Product description

Why choose this power strip holder?

Universal Smart Desk Powerstrip Holder Martin Prokord helps you keep a power strip accessible and off the desktop, freeing workspace and reducing cable clutter. It offers a reliable screw-clamp mounting that secures the strip at the desk edge, making sockets and the main switch easier to reach while keeping installations tidy in indoor settings.

Universal Smart Desk Powerstrip Holder Martin in short:

- Screw-mount clamp secures a power strip to the desk edge for quick access and neat cable routing.
- Active holder design supports the strip and reduces stress on connectors during use.
- White finish fits modern office interiors and helps the holder blend with desks and equipment.
- Useful for individual workstations, meeting rooms, and shared desks where desk space is limited.
- Supplied as 1 pc; check desk edge clearance and thickness to ensure the screw clamp fits.

Product details

The Universal Smart Desk Powerstrip Holder Martin holds a standard power strip at the desk edge using a screw-mounted clamp, so the strip stays off the work surface but remains easy to reach. The holder keeps the main switch and outlets accessible and helps organise cables to reduce strain on plugs. It is designed for indoor use and comes in white to match typical office setups.
