- ✓ Easy to clean surface, suitable for daily office use.

Product description

Why choose this standing mat?

Prokord STANDMAT ERGONOMIC 360 BLACK helps reduce fatigue during long periods of standing by providing a cushioned, stable surface that supports posture and improves comfort. It is easy to clean and holds its shape through frequent use. The compact rectangular design fits most standing desks and is simple to move between workstations.

STANDMAT ERGONOMIC 360 BLACK in short:

- Ergonomic anti-fatigue mat that cushions feet to reduce leg and lower back strain.
- 19 mm thickness balances comfort with a stable stance for standing tasks.
- Compact 558 x 457 mm footprint fits small workstations and under standing desks.
- Built-in carry handle for easy transport between desks or shared spaces.
- Easy to clean surface, suitable for daily office use.

Product details

Prokord STANDMAT ERGONOMIC 360 BLACK provides a supportive surface for tasks that require standing, helping you maintain comfort over longer periods. The 19 mm thickness gives noticeable cushioning without compromising stability. Its rectangular shape and 558 x 457 mm size make it suitable for compact setups and shared work areas. A carry handle lets you reposition the mat quickly, and the wipe-clean surface keeps maintenance straightforward.
