

Prokord UTP-0136

Data sheet

Core Specs

Connector 1	RJ-45
Connector 2	RJ-45
Cable standard	Cat 5e
Cable shielding	U/UTP (UTP)
Cable length	0.5 m
Jacket material	LSZH

Summary

- ✓ High quality contacts and leaders
- ✓ Carefully designed and tested by experts
- ✓ Lifetime Warranty

Product description

Prokord network cables Prokord high-quality network cables are available in several different colors and lengths to fit into your environment and make it easier to organize your network. Network cables contain high quality conductors and connectors to achieve the highest performance for a long time to come. That's also why we provide a lifetime warranty on our cables. Our network cables are manufactured with LSZH (Low smoke zero halogen) class for a safer working environment.

TP CABLE CAT. 5E UTP The TP cable takes its name from the English word Twisted pair cable, and is a signal cable consisting of a number of twisted cables. The twisting counteracts interference, primarily in the form of crosstalk. TP cable is used, among other things, for Ethernet and in telephony. CAT.5E is used for networks with speeds up to 100 Mbit/s and has a frequency up to 31.25 MHz. UTP is an unshielded, twisted pair cable. The twisted copper wires counteract electrical interference and protect the cable.

Procord, the right cables when you need them. Prokord has a wide range of popular and affordable cables that allow you to work as efficiently as possible. You can be sure that you will get a product that is carefully selected and tested.

Technical Specification Matrix

Header

Manufacturer	Prokord
--------------	---------

Features

Cable length	0.5 m
Cable standard	Cat 5e
Cable shielding	U/UTP (UTP)
Connector 1	RJ-45
Connector 1 gender	Male
Connector 2	RJ-45
Connector 2 gender	Male
Product colour	Yellow
Jacket material	LSZH
Conductor material	Copper
Data transfer rate	1000 Mbit/s
AWG wire size	26
Frequency	100 MHz
Power over Ethernet (PoE)	Yes
