- ✓ PoE compatible powers cameras and phones without extra wiring

Product description

Why choose this ethernet cable?

Prokord UTP CAT.6 Unshielded RJ45 LSZH 0.5m White Flat is a short, flat Cat 6 Ethernet cable that gives reliable high-speed connections for patching between devices and switches. The LSZH jacket reduces smoke and toxic gases in enclosed spaces, while the flat profile makes routing under carpets and along skirting boards tidy and unobtrusive.

Prokord UTP CAT.6 Unshielded RJ45 LSZH 0.5m White Flat in short:

- Short 0.5 m length, ideal for connecting nearby devices to switches, patch panels, or wall sockets.
- Flat, low-profile design keeps runs neat and allows routing in tight spaces or under flooring.
- LSZH jacket limits smoke and hazardous gases, suitable for offices and public buildings.
- Supports up to 10,000 Mbit/s and 250 MHz, and is compatible with Power over Ethernet for powered devices.
- One cable per pack, so consider length requirements before purchasing.

Product details

This Prokord Cat 6 cable has standard RJ45 male connectors on both ends and unshielded U/UTP construction for typical network environments. It uses copper conductors with 30 AWG strand size to keep the cable thin and flexible for short patch runs. The white LSZH jacket and flat shape help maintain a discreet appearance while meeting safety needs in enclosed spaces.
