

Prokord DPC-1W

Data sheet

Core Specs

Cable length	1 m
Connector 1	CEE7/16
Connector 2	C7
Product colour	White

Summary

- ✓ Standard Europlug to figure-8 connection fits common office devices
- ✓ 1m length keeps equipment close to outlets, reducing clutter
- ✓ Straight male and female plugs deliver a simple, low-profile fit
- ✓ White finish blends with office interiors for a tidy installation

Product description

Why choose this power cable?

Prokord Cable Power 2-Pin - Straight 1m White gives a reliable mains connection for small, double-insulated devices. It keeps desktop and AV setups tidy with a short, manageable length. The white colour blends with light-coloured equipment and reduces visual clutter while providing a straightforward replacement for lost or worn figure?8 power leads.

Cable Power 2-Pin - Straight 1m White in short:

- Europlug (CEE7/16) to figure-8 (C7) power lead for common chargers and AV equipment.
- 1 m length, useful for close-range setups and neat cable routing.
- Straight connectors on both ends for a secure fit and minimal strain.
- White finish matches white devices and bright interiors.
- Note: two-pin design is ungrounded, suitable only for double-insulated devices.

Product details

This Prokord cable supplies mains power to devices with a C7 inlet, such as laptop power bricks, set-top boxes, game consoles, and some small printers. The straight CEE7/16 plug fits standard Euro sockets and the straight C7 connector fits snugly into figure?8 inlets. The 1 m length balances reach and tidiness, making it practical for desktops, AV cabinets, and compact workspaces. Check your device for a C7 inlet and double insulation before purchase.
