

Prokord DPC-E3B

Data sheet

Core Specs

Cable length	3 m
Connector 1	CEE7/16
Connector 2	CEE7/16
Product colour	Black

Summary

- ✓ 3m extension provides flexible reach for desktops and workstations
- ✓ Male and female Type C plugs deliver simple, secure power connections
- ✓ Straight connector design reduces strain, keeps plugs sitting flush
- ✓ Black finish and molded ends blend with office gear and resist wear

Product description

Why choose this power cable extension?

Power Cable 3.0m Extension Type C - Black Prokord offers a practical way to extend mains reach for devices that use a Europlug. The three-metre length reduces the need for extra adapters and gives you flexibility in device placement. Straight CEE 7/16 male and female connectors provide a low-profile connection, and the black finish keeps the cable discreet in offices and workspaces.

Power Cable 3.0m Extension Type C - Black in short:

- 3 m extension with male-to-female CEE 7/16 (Europlug) connectors, for extending power to chargers, monitors and small equipment.
- Straight connector forms help route the cable neatly behind furniture and inside equipment racks.
- Black colour blends into typical office, meeting room and home workspace setups.
- Simple solution when outlet placement limits device location, reducing the need for power strips or relocation.
- Not suitable for devices that require an earth connection, check device earthing requirements before purchase.

Power Cable 3.0m Extension Type C - Black

This Prokord cable is designed to make power management easier where outlet locations are restrictive. You can use it to position non-earthed Europlug devices more conveniently without rearranging your workspace. The straightforward design focuses on reliable, everyday use and neat cable routing.
