- ✓ Scratch resistant and fingerprint resistant finish keeps the screen cleaner and easier to maintain.
- ✓ Adhesive strip plus slide mount tabs allow straightforward attachment and accurate alignment on 23.8" landscape monitors.
- ✓ Designed for landscape orientation and maximum screen size 23.8", check orientation compatibility before purchase.

Product description

Why choose this frameless display privacy filter?

Cirafon Privacy Filter 23.8" 16:9 528x297 mm helps protect sensitive on-screen information in open offices and public areas while keeping your own view clear and comfortable. It reduces side viewing, cuts glare and resists fingerprints and scratches, so you spend less time adjusting the screen and more time on work that matters.

Privacy Filter 23.8" 16:9 528X297 MM in short:

- Frameless privacy filter that limits side viewing to 60 degrees, useful for desks in shared spaces and reception areas.
- Anti-glare surface reduces reflections for better readability under bright lighting.
- Scratch resistant and fingerprint resistant finish keeps the screen cleaner and easier to maintain.
- Adhesive strip plus slide mount tabs allow straightforward attachment and accurate alignment on 23.8" landscape monitors.
- Designed for landscape orientation and maximum screen size 23.8", check orientation compatibility before purchase.

Product details

The Privacy Filter 23.8" 16:9 528x297 mm provides privacy filtering and anti-glare performance without adding a bulky frame. The black, low-profile surface preserves the look of your monitor while narrowing the viewing angle to protect confidential information from side glances. Its combination of adhesive strips and slide mount tabs makes installation and precise alignment simple, and the durable finish resists fingerprints and scratches for longer-lasting clarity. The product meets CE and REACH requirements for material and safety compliance.
