

Smart Power Station 4 X USBBlack

Data sheet

Summary

- ✓ Four USB 2.0 ports let you charge multiple phones, tablets, and accessories at once.
- ✓ Each port supplies up to 2.4A at 5V, suitable for steady charging of smartphones and many tablets.
- ✓ Wide 100–240V, 50–60Hz input makes it compatible with common international voltages for indoor use.
- ✓ Built-in protection for overheating, over voltage, and short circuit helps protect connected devices.
- ✓ Includes an AC power cable with a two-pin Euro plug, check local socket compatibility before purchase.

Product description

Why choose this USB charger?

Cirafon Smart Power Station 4 X USB is a compact AC-powered charger that lets you power several mobile devices from a single outlet. It reduces cable clutter and centralises charging at desks or communal areas, while universal input and built-in protection against overheating, over voltage, and short circuit improve reliability and safety for everyday use.

Smart Power Station 4 X USB in short:

- Four USB 2.0 ports let you charge multiple phones, tablets, and accessories at once.
- Each port supplies up to 2.4A at 5V, suitable for steady charging of smartphones and many tablets.
- Wide 100–240V, 50–60Hz input makes it compatible with common international voltages for indoor use.
- Built-in protection for overheating, over voltage, and short circuit helps protect connected devices.
- Includes an AC power cable with a two-pin Euro plug, check local socket compatibility before purchase.

Product details

This indoor charger simplifies device management by providing four dedicated USB outputs in a compact black enclosure. The 2.4A output per port supports typical mobile charging needs without requiring multiple adapters. Cirafon designed the unit for universal compatibility with AC mains between 100 and 240V, and it includes an AC cable for immediate use. Safety features protect both the charger and connected devices during routine charging.

Technical Specification Matrix

Header

Manufacturer	Cirafon
--------------	---------

Performance

Charger type	Indoor
Charger compatibility	Universal
Power source type	AC
USB 2.0 ports quantity	4
Power protection features	Over voltage, Overheating, Short circuit

Design

Product colour	Black
----------------	-------

Power

Input voltage	100 - 240 V
Input frequency	50 - 60 Hz
Output current (5V)	2.4 A

Packaging data

Cables included	AC
-----------------	----
