

Video Adapter Kit DP/HDMI HDMI DisplayPort, HDMI, Mini DisplayPort, HDMI, Micro HDMI, HDMI, Mini HDMI, HDMI

Data sheet

Summary

- ✓ A primary HDMI male cable with multiple tethered adapter heads for DisplayPort, Mini DisplayPort, Mini HDMI, and Micro HDMI.
- ✓ Adapters include both male and female options to match different device ports, so you can adapt signals without swapping cables.
- ✓ Straight connector form factors make it easy to route and fit into tight spaces behind equipment.
- ✓ Ferrite choke on the cable helps reduce electromagnetic interference for cleaner signal transmission.
- ✓ Consider whether your source device needs an active converter for DisplayPort to HDMI; check compatibility before purchase.

Product description

Why choose this video adapter kit?

Prokord Video Adapter Kit DP/HDMI gives you a compact set of tethered adapters to link a wide range of devices to HDMI displays. It reduces cable clutter, keeps adapters together, and helps you connect laptops, cameras, tablets, and projectors without searching for separate converters.

Prokord Video Adapter Kit DP/HDMI in short:

- A primary HDMI male cable with multiple tethered adapter heads for DisplayPort, Mini DisplayPort, Mini HDMI, and Micro HDMI.
- Adapters include both male and female options to match different device ports, so you can adapt signals without swapping cables.
- Straight connector form factors make it easy to route and fit into tight spaces behind equipment.
- Ferrite choke on the cable helps reduce electromagnetic interference for cleaner signal transmission.
- Consider whether your source device needs an active converter for DisplayPort to HDMI; check compatibility before purchase.

Prokord Video Adapter Kit DP/HDMI

This kit combines a black HDMI lead with several small, tethered adapters so you can quickly match device ports to an HDMI input. Each adapter stays attached to the loop, which reduces loss and keeps your setup tidy. The straight, compact connectors fit most ports and the built-in ferrite helps limit interference, making the kit practical for meeting rooms, AV installs, and on-the-go use.
