Summary

- ✓ Stereo headset with a boom microphone designed for clear spoken communication and general media playback.
- ✓ Padded headband and circumaural ear cups for comfortable wear during long sessions.
- ✓ In-line control unit and 1.8 m cable for flexible desk and workstation setups.
- ✓ 3.5 mm connector for direct use with many laptops, desktops, and Android devices; compatible with Mac.
- ✓ Note that connectivity is wired only, without Bluetooth or USB.

Product description

Why choose this headset?

Voxicon Headset 881 offers dependable wired audio and clear voice communication for call centres, remote work, and training. It balances comfort and durability to reduce user fatigue and replacement needs. The adjustable headband, circumaural ear cups, and in-line controls make it easy to deploy and manage across laptops, desktops, and supported mobile devices.

Headset 881 in short:

- Stereo headset with a boom microphone designed for clear spoken communication and general media playback.
- Padded headband and circumaural ear cups for comfortable wear during long sessions.
- In-line control unit and 1.8 m cable for flexible desk and workstation setups.
- 3.5 mm connector for direct use with many laptops, desktops, and Android devices; compatible with Mac.
- Note that connectivity is wired only, without Bluetooth or USB.

Comfort and build

Voxicon Headset 881 is engineered for extended use. The adjustable headband and cushioned ear cups sit around the ear to help isolate sound and reduce pressure. The black finish and robust hinges give a professional look while keeping the headset light enough for all-day wear.

Audio and microphone

The headset provides a wide audio range suitable for voice calls and common media. The boom microphone includes a foam cover that helps reduce breath noise and keeps speech intelligible in typical office and home environments. Controls on the in-line unit let you adjust volume and manage calls without interrupting your workflow.

Connectivity and compliance

This is a wired headset with a 3.5 mm connector and a 1.8 m cable for easy connection to a range of devices. It supports Android devices and Mac systems without drivers. The product meets REACH and RoHS compliance standards, which may be relevant for procurement and regulatory checks.

Technical Specification Matrix

Header
