

Sync/Charge Cable Micro USB 0.15m - Thin Black0.15m USB-A Micro USB-B

Data sheet

Summary

- ✓ Very short 0.15 m length, ideal when you need devices close to the power source or a laptop.
- ✓ USB-A to Micro USB-B male connectors for charging and data sync with Micro USB devices.
- ✓ Thin, flexible black cable that fits tight spaces and reduces cable tangles.
- ✓ Single unit per pack, simple to carry and store.
- ✓ Consideration: the short length may not work when you need more distance between devices and the host.

Product description

Why choose this cable?

Sync/Charge Cable Micro USB 0.15m - Thin Black Cirafon helps keep charging and data connections compact and tidy. Its very short length minimises cable clutter, making it suitable for use with power banks, car chargers and desktop hubs. Straight USB-A and Micro USB-B connectors give a reliable connection for compatible devices.

Sync/Charge Cable Micro USB 0.15m - Thin Black in short:

- Very short 0.15 m length, ideal when you need devices close to the power source or a laptop.
- USB-A to Micro USB-B male connectors for charging and data sync with Micro USB devices.
- Thin, flexible black cable that fits tight spaces and reduces cable tangles.
- Single unit per pack, simple to carry and store.
- Consideration: the short length may not work when you need more distance between devices and the host.

Usage and compatibility

Sync/Charge Cable Micro USB 0.15m - Thin Black Cirafon is designed for charging and syncing phones, older tablets, Bluetooth speakers and other Micro USB accessories from standard USB-A ports. The straight male connectors provide a secure fit for everyday connections. The compact form makes it practical for travel kits, car use and crowded workstations.
