

Prokord TL-003

Data sheet

Core Specs

Cable length	2 m
Connector 1	TOSLINK
Connector 2	TOSLINK
Product colour	Black

Summary

- ✓ 2m length gives flexible placement for AV setups
- ✓ Fiber optic construction avoids electromagnetic interference
- ✓ Male TOSLINK straight connectors fit standard digital ports
- ✓ Durable black jacket suits equipment racks and conference rooms
- ✓ Simple plug and play connection, no adapters needed

Product description

Why choose this optical fiber AV cable?

Prokord Optical Fiber AV Cable 2.0m delivers reliable digital audio with minimal interference, making it a practical choice for clear TV, soundbar, and AV receiver connections. The 2 metre length balances reach and tidy installation. Its TOSLINK connectors and black jacket make set up straightforward and discreet in living rooms, meeting rooms, or multimedia racks.

Optical Fiber Av Cable 2.0m in short:

- 2 m length fits most near-field AV setups without excess cable clutter.
- TOSLINK male-to-male connectors for direct digital audio links between TVs, soundbars, receivers, and DACs.
- Fiber optic construction avoids electrical interference for consistent audio transmission.
- Black cable with molded straight connectors and strain relief for easy routing and durable handling.
- Check that your devices have TOSLINK optical ports before purchase.

Product details

Prokord Optical Fiber AV Cable 2.0m uses a fiber optic core and straight TOSLINK connectors to carry digital audio signals without grounding issues. It is intended for straightforward plug-and-play connections where you need interference-free sound and a discreet appearance. The molded connectors and flexible jacket support repeated connections and tidy cable runs.
