

Prokord USB3.1 CM-CM 04

Data sheet

Core Specs

Cable length	2 m
Connector 1	USB-C
Connector 2	USB-C
Product colour	Black
USB version	USB 3.2 Gen 1 (3.1 Gen 1)
USB Power Delivery up to	60 W

Summary

- ✓ USB 3.2 Gen 1, 5 Gbit/s transfers for fast file sync
- ✓ Supports video via USB-C DisplayPort Alternate Mode
- ✓ Charge and power devices at up to 15W, 5V/3A
- ✓ Durable 2m LSZH round cable with nickel-plated contacts
- ✓ Straight male-to-male USB-C ends for simple plug and play

Product description

Why choose this USB-C cable?

Prokord Cable USB 3.1 Type C-C Male-Male 2m Black 60W is a practical cable for everyday connectivity. It combines reliable 5 Gbit/s data transfers, video passthrough via DisplayPort Alternate Mode, and a robust LSZH jacket for safer installations. Use it to link laptops, external drives, and monitors without extra adapters, while keeping cable runs tidy and durable.

Cable USB 3.1 Type C-C Male-Male 2m Black 60W in short:

- Fast data transfers up to 5 Gbit/s, suitable for moving large files between computers and external drives.
- Supports DisplayPort Alternate Mode, so you can connect compatible devices directly to external monitors.
- Charges at standard USB power of 5 V and up to 3 A (15 W); it does not support the USB Power Delivery protocol.
- Low smoke zero halogen (LSZH) jacket and nickel-plated contacts for safer installations and long-term reliability.
- Two metre black round cable with straight male USB-C connectors, useful for flexible workstation layouts.

Main functions

This cable handles file transfer, basic device charging, and video output without extra adapters. The USB 3.2 Gen 1 link delivers practical throughput for backups and media transfers. DisplayPort Alternate Mode lets you mirror or extend screens from compatible laptops and phones. The LSZH jacket reduces hazardous smoke in confined spaces, and nickel-plated contacts help maintain consistent connections over repeated use.

Technical Specification Matrix
